Abstract

Your abstract goes here. Check your departmental regulations, but this is usually expected to be under 300 words — roughly one page.

A workable structure is one paragraph per move: (1) context and why the problem matters, (2) the gap, (3) what you did, (4) what you found, and (5) what it means more broadly.

Acknowledgements

Thank your supervisors first, then anyone whose ideas or feedback shaped the direction of the work.

Then colleagues, collaborators, and friends.

Then any funding or institutional support you received.

Finally, family.
